

PROVIDING OPPORTUNITIES
FOR THE EXTRAORDINARY

ALASKAN CRAFT BEER TREK

OPTIONAL EXTRAORDINARY OPPORTUNITY

HELICOPTER TOUR OF MENDENHALL GLACIER

MAY 22, 2023

Trip's Beer Trips is offering an exciting **OPTIONAL (extra cost)** opportunity to enhance your great Alaskan Craft Beer Trek: A VIP helicopter tour of and landing on the famous Mendenhall Glacier located just outside Juneau.

You will be geared up with glacier boots and given a safety briefing by the well-trained tour attendants. This excursion will transport us over some of the most breathtaking sights you have ever seen. Lush green rainforests, alpine ridges, and glacier valleys pass beneath us as we make your way to the famous Mendenhall Glacier. We will have a birds-eye view of the awe-inspiring blue glacier ice, deep crevasses, spectacular ice falls and the jagged peaks of the Mendenhall Towers.

Once we land on the glacier, we will be welcomed by a team of expert glacier guides. These knowledgeable guides will take us on a tour of Mendenhall Glacier. During this time we will learn how glaciers are formed and what makes them so spectacular. The tour will allow us to explore melt-water pools, feel glacial silt, and other cool stuff (pun intended). We conclude the adventure and are back into the helicopter for a ride back to base to take in the Alaskan beauty from the air one last time.

Cost: \$500.00 each person. This is optional and will be billed separately.

Yes I am interested: _____

Number of people; _____

Name(s): _____

Note this is nonrefundable unless excursion is cancelled due to weather conditions. Then 100% refundable
